Visit us on Face book - Rosewood RC Flyers

Located at Rosewood, Indiana, 10 miles south of Ceasar's Casino on Old Highway 111.

The Rosewood Flying site is one of the premier radio controlled flying facilities in the country. Located along the Ohio River on 20 acres of pristinely manicured ground. The facility has asphalt and grass runways, helicopter pads, covered shelters, electricity and water. Guests are always welcome to visit the field and meet members who will explain and demonstrate radio controlled flying. Entry from Hwy 111 is gated so please visit us at our web site and get in touch with one of our officers or board members to inquire about when would be best time to meet some of our members at the field.

Visit our Events Documents and Information page on the website for up to date information and dates of our yearly and special events which we host here at Rosewood RC.

- **June**, EDF Jet Jam - featuring **Electric Ducted Fan** powered jet planes
- **June**, Mint Julep Scale Contest - **50th Anniversary 2022**, featuring flying scale replicas of real airplanes down to every detail.
